*The following is a work of fiction and is in no way affiliated with any one person or organization.

Rozerokarta (World of Gods)

According to the Ancient Record of Anthologies, chapter 1, verse 2.

WERE THE ONLY ORGANISMS MADE BY
THE CREATOR POSSESSING BOTH POWER (MANA)
AND PERSONALITY.

FOR NEARLY 100,000 YEARS, THESE PEOPLE STRONGLY BELIEVED THAT THE CREATOR WAS "THE MASTER OF ALL LANDS, UNIQUELY WORTHY TO RECEIVE ALL THE PRAISE IN THE WORLD." THEY WORSHIPPED HIM/HER AS THE SKY.

THEY LOOKED AT THEMSELVES AND THE SOCIETY IN WHICH THEY LIVED, AND THOUGHT IT OBVIOUS THAT THEY SHOULD WORSHIP THE CREATOR.

TOUCHED BY THEIR STRONG FAITH, THE CREATOR BLESSED THEM BY PRESENTING THEM WITH NEW LIFE.
THIS BLESSING LASTED UNTIL THE 2916TH CHILD.

THEN, ON A WINTER DAY, WHEN THE 2916TH CHILD TURNED 14 UNDER THE JULIAN CALENDAR,

Julian Calendar: Rozerokarta (world of gods)'s calendar, which states that Earth's time is 365 25 days.

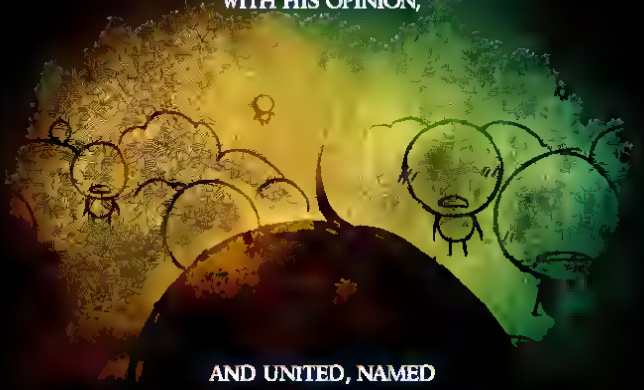
THE BOY ASKED THIS:

"Why?"

"Why does the Creator turn a blind eye to our pain and deaths, when He says He loves us? Even though He has the power to build a world?"

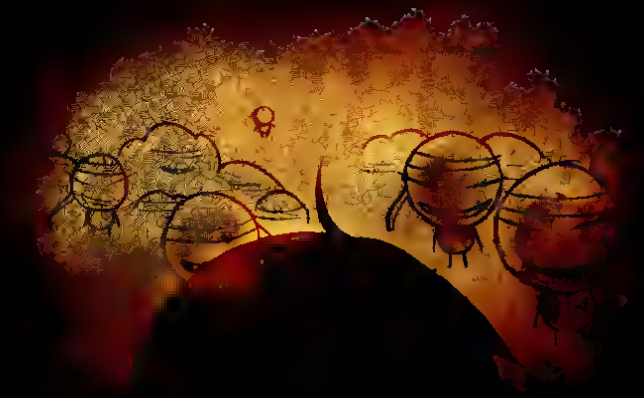
"Is it truly worth it to blindly put our faith in him?"

THOSE WHO HEARD THE CHILD AGREED WITH HIS OPINION,



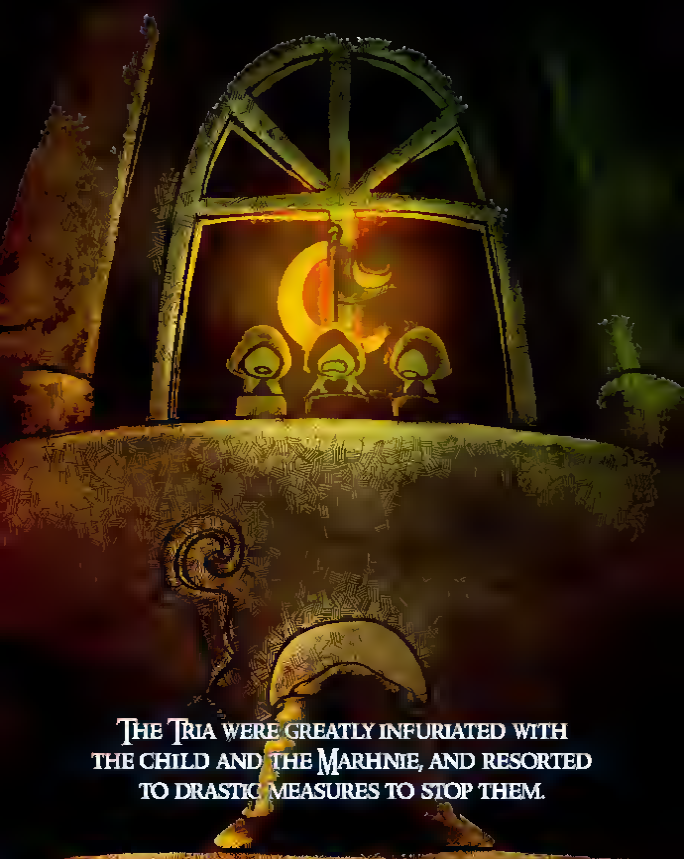
AND UNITED, NAMED THEMSELVES AS "MARHNIE".

VERY SOON AFTER THAT...



THE "MARHNIE" TURNED INTO AN EVIL ORGANIZATION, PLOTTING A REBELLION AGAINST THE CREATOR.

RUMORS ABOUT THEM SPREAD LIKE WILDFIRE AND REACHED THE TRIA'S EARS.



THE TRIA WERE GREATLY INFURIATED WITH THE CHILD AND THE MARHNIE, AND RESORTED TO DRASTIC MEASURES TO STOP THEM.

Tria *A group of three people formed 140,000 years ago, when the Creator shaped mankind. A new member recently joined them, thus changing their name to "Tessera".*

NOTE. TRIA IN GREEK STANDS FOR THREE AND TESSERA AS FOUR.

THE JUDGMENT:

"WE SHALL PUT THE CURSE OF *'THIRST'* UPON YOU."

"WE SHALL TAKE AWAY YOUR MEMORIES AND THE MANA YOU RECEIVED FROM THE CREATOR, AND CURSE YOU WITH 'THIRST.' YOU WILL NOT BE ABLE TO SUSTAIN YOUR BODIES WITHOUT DIRECTLY TAKING IN ENERGY."

"WE SHALL ALSO CREATE A NEW WORLD, THE MARHNIEKARTA (HUMAN WORLD) IN A SPACE-TIME 0.8 SECONDS BEHIND ROZEROKARTA (WORLD OF GODS). YOU WILL BE TRAPPED THERE FOREVER FOLLOWING YOUR BANISHMENT FROM THE LAND OF GODS.

The people who came to live in Marhniekarta are now known as "humans."

They are living to make a new civilization flourish in the world 0.8 seconds behind Rozerokarta (world of gods). Or so the story goes...

Apparently, those unaware of our existence believe that gods are, well, amazingly strong, fly around everywhere and are basically almighty. We are therefore praised and worshipped.

It's a bit exaggerated, but it's not completely untrue.

You need to get up!!
All individuals are different, but we all have powers. The world is running smoothly thanks to the Creator's rule, so it's pretty satisfying...
묵직...
All other adults seem to get up by 6, so why can't you?
..?
Hurry up, I'm bored.
...or not.
Hya?
Seriously. You'll get up, right?

*T/N NEET = Not in Employment, Education, or Training

NOT-SO-COMFORTABLE LIVES.

Nope! You're back early.

Any guests?
How would they get in here?
Right

Oh, Ryussi -
I have a question for you!
Hmm?

Here. This year goes up to February 29th.
But last year didn't have the 29th.
Oh, we only have February 29th every four years.

Why?! It'd be nice to have it every year!

Uh... It's a bit complicated.

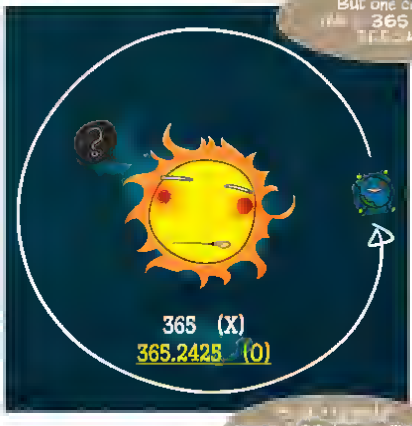
You know how there are 365 days in one year?

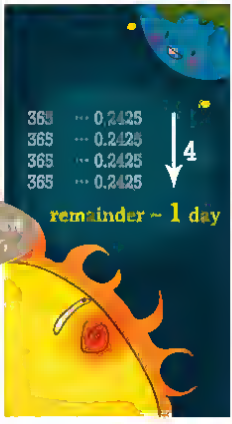
Some years have 366 days.

Why?

It takes 365.2425 days for Earth to orbit around the sun, which is one year

But one calendar year is 365 days, not 365.2425





If a year is 365 days, we'll have 0.2425 days left over, right?

These 0.2425 days accumulate, and after four years, we have 0.97 days, or roughly one day extra

That's why every four years, we have 366 days in the year.
That year is called leap year, and the extra day is called leap day.
366
LEAP YEAR
365
Dude!
COMMON YEAR
COMMON YEAR

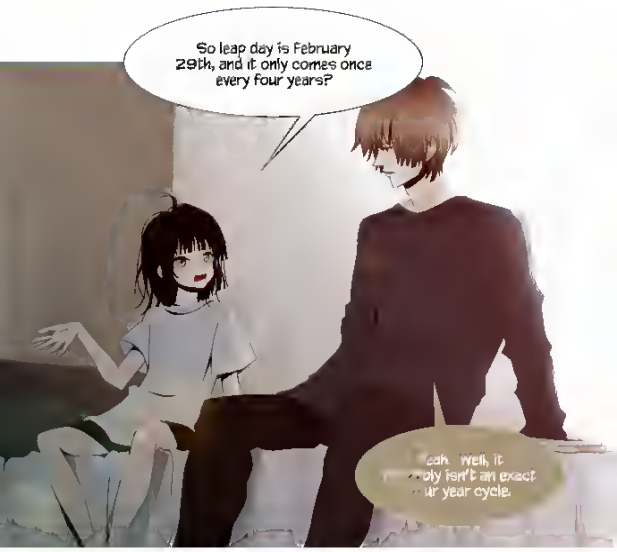
365



So leap day is February 29th, and it only comes once every four years?
Yeah. Well, it only isn't an exact four year cycle.

So that's why Melly day is once every 4 years!
The what day?

February 29th,
Melly day!
On that day,
adults grant the wishes
of kids under 14!
Heke!
This is great!
.....?

...Melly Day?

What is that?

WHAT?!

Really?

Is that acceptable?
Isn't it a crime?

But even if I register Hyde as Rain's son, he still wouldn't be able to go.

He's the son of a traitor
A traitor that the police are desperate to find.

I can't believe you did this again.

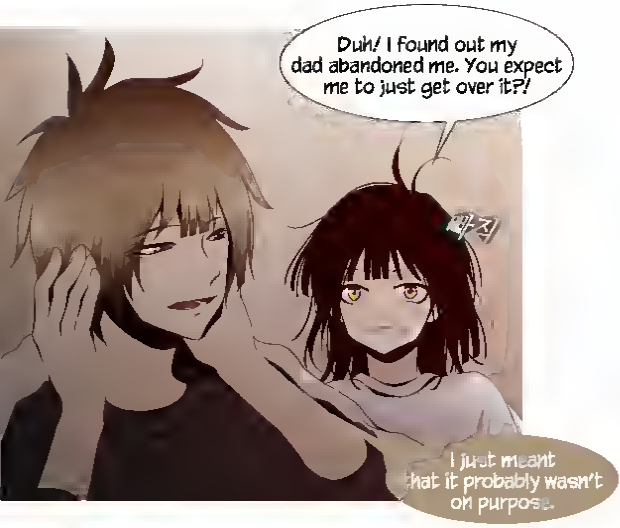
It's time you get past this anger already
You wouldn't be so insensitive if it happened to you.
Do you really have to get so mad about it?!



Duh! I found out my dad abandoned me. You expect me to just get over it?!
I just meant that it probably wasn't on purpose.

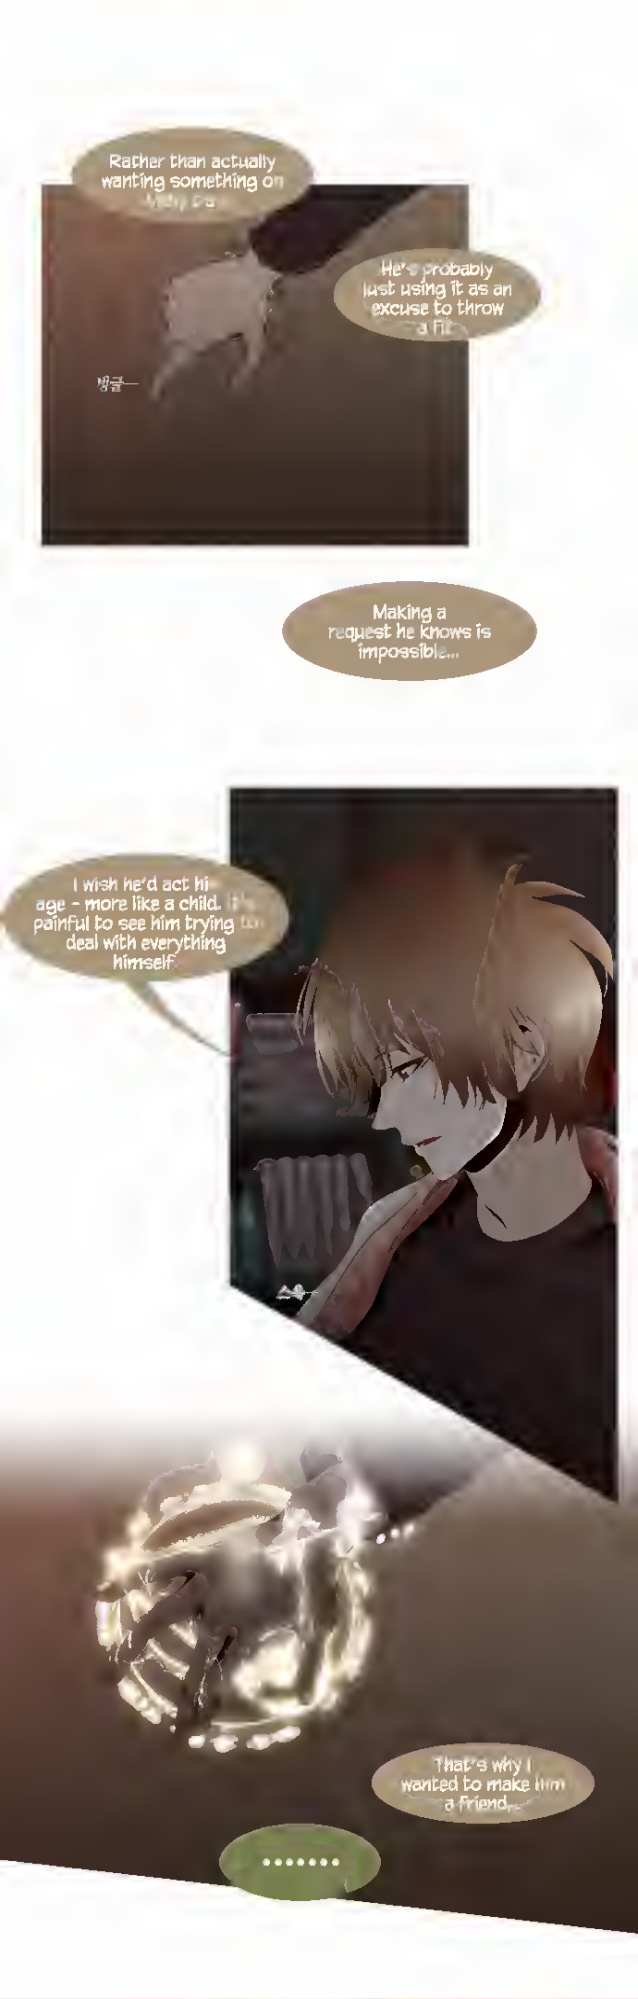
Melly Day?
Since when do you care about things like that?
I just want to do something nice for him.
Are you really that nice, or just stupid?
He treats you badly because you keep spoiling him like that.
Nah.
You know that kids don't work
if you say so.
Eldonia (Granny of the Stump)



Rather than actually wanting something on his own,
He's probably just using it as an excuse to throw a fit.

Making a request he knows is impossible...
I wish he'd act his age - more like a child. It's painful to see him trying to deal with everything himself.
That's why I wanted to make him a friend...

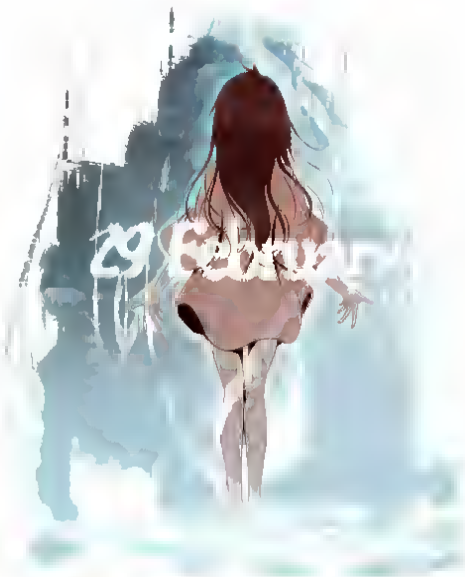
끄덕끄덕
Yes.

Once again, children are the problem.

Here, read it.
What is it?

Melly, the 14-year-old girl who grants wishes.



She's the reason you're on the spot.

If you read this, you'll see why Melly Day is for children under 14,

and why it falls on the 29th of February.

Read it, and think about it.
...?
Once upon a time, a long time ago, in a small island town, there lived a girl named Melly

Melly possessed a special power that others did not—

Turn a dream into reality?

However,

The Creator declared such power a "threat to society." Melly was subject to special controls.

And she was hidden away...

In a secret place, devoid of sunlight.

She was all alone.
Melly could only watch the moon out the window to comfort herself.

But even that couldn't conquer her loneliness.

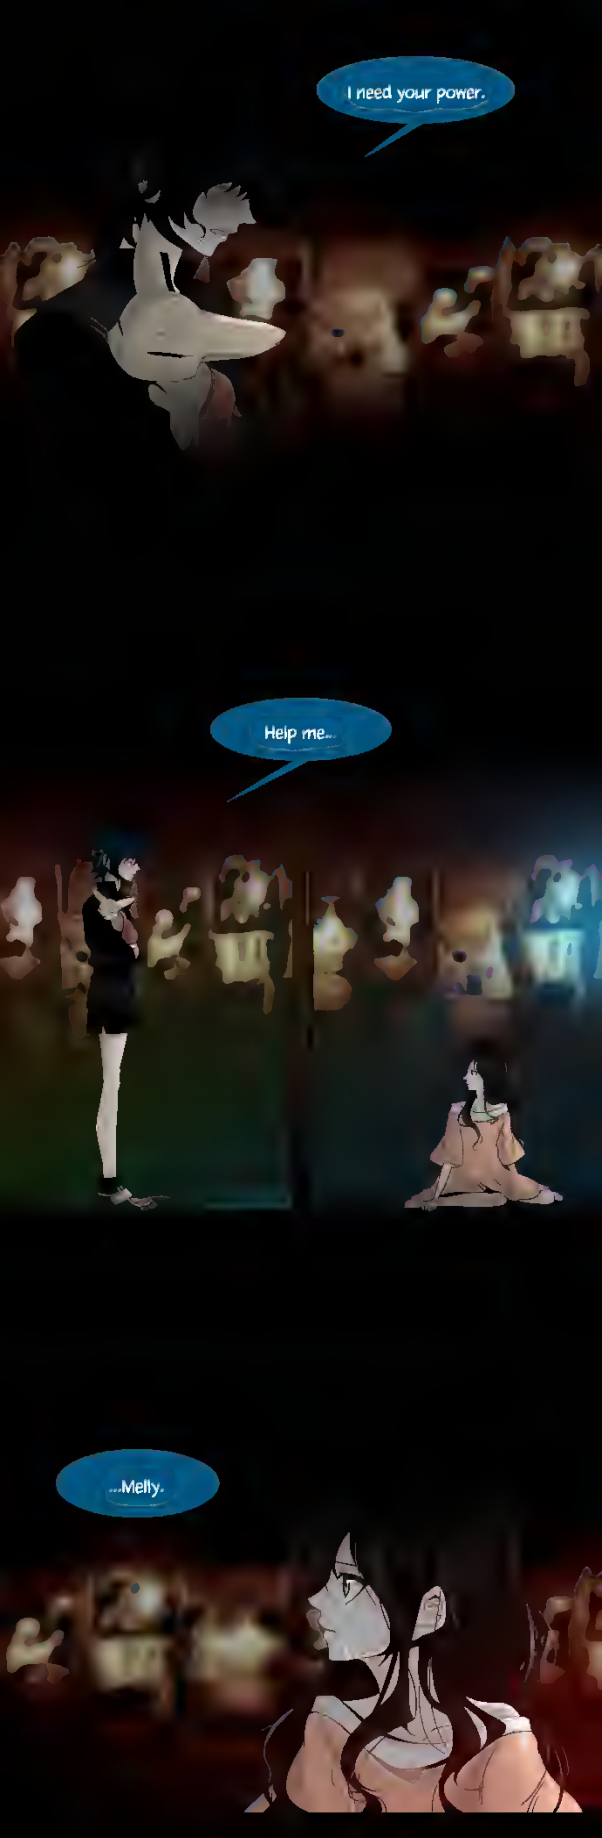
Melly was much too young to bear the solitude. She was too young to cope with the frightening, endless night.

As she sat crying, bravely fighting back the tears,

Someone came to her.

"Help me."

"What?"



I need your power.
Help me...
...Melly.

Strictly speaking, society drove Melly and the boy to their deaths.
How is that suicide?
Instead of locking her away in a dark place, she should have been properly taught

How could they hold such a small child responsible?

Really?!

Probably... As long as it doesn't violate laws set by the heavens.

Oh stop it, that's not true.

Yes.
It's very important to me, but it could get you and Kashin in trouble.

It sounds like they're looking for you, Dad.

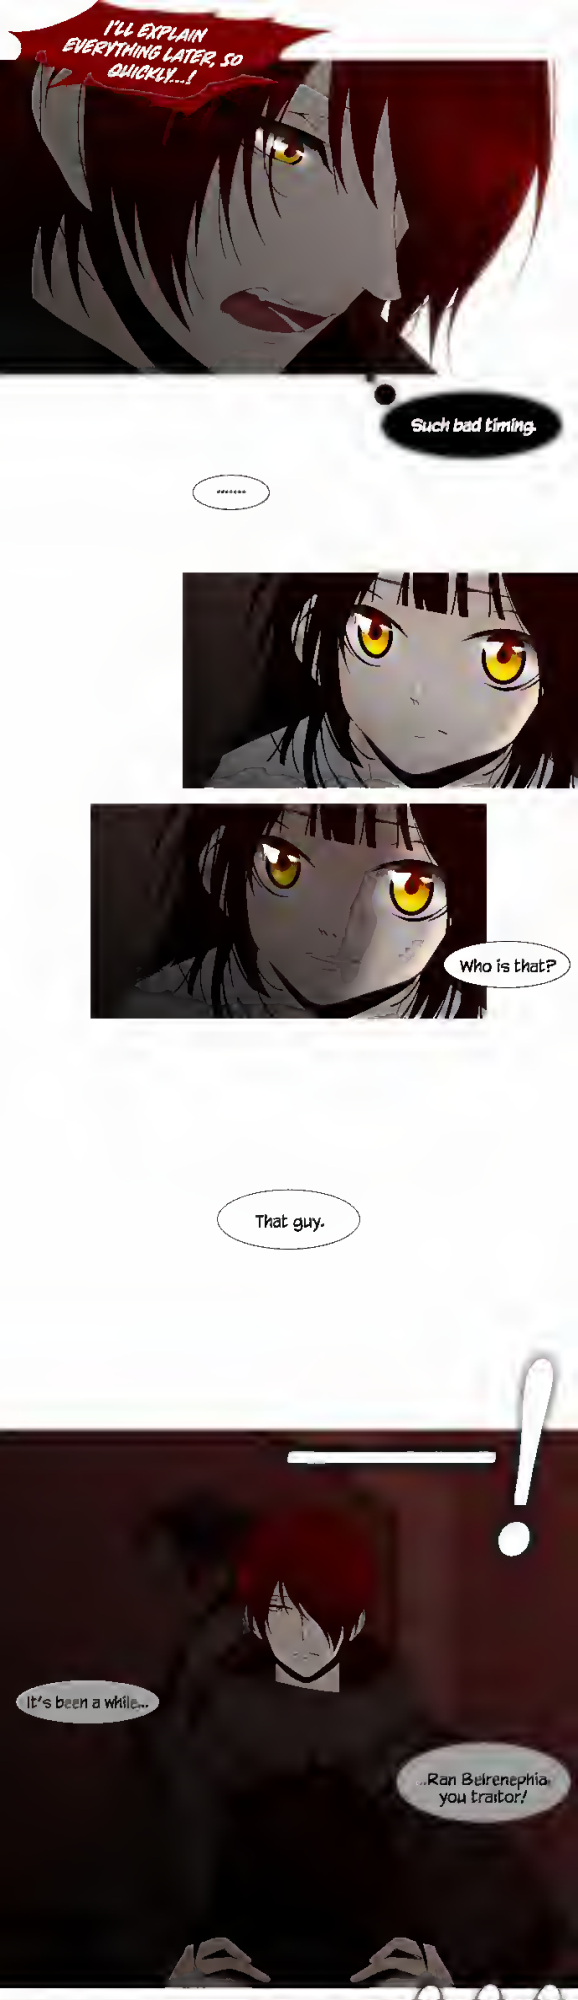
What about you?



I'LL EXPLAIN EVERYTHING LATER, SO QUICKLY...!
Such bad timing.

Who is that?
That guy.
It's been a while...

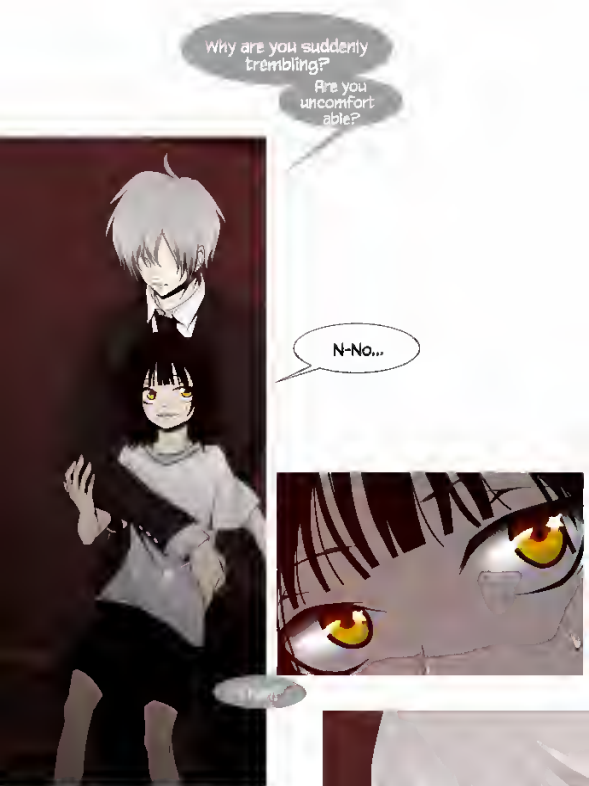
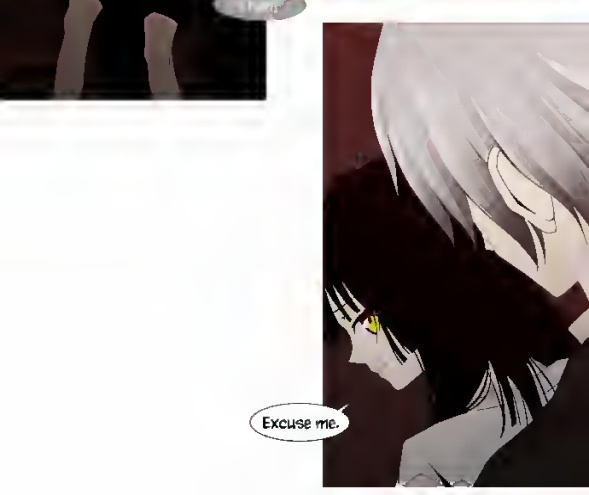
Huh?



Why are you suddenly trembling?
Are you uncomfort able?
N-No...



Excuse me.

Hmm...
From their talk, nobody is allowed to harm me, not even the guy who cast the spell...
But I can't get out, so I can't really do much...

I stupidly got caught in this third-rate spell and put Hyacen in danger as well.

I can't let this drag on.
My only chance will be to kill the leader in order to break this spell, even if it means losing an arm...
Oh! Thank you~

Heke~

Now, let's think...

This happened because I got in the way, so I'll solve this myself!

Right now, the best solution would be to go with dad to Kashin ajussi's house... but that's impossible.

If no form of magic can affect the person inside the magic circle...

It's possibe that I might be the only one to teleport!

But can the diary break the spell they put on dad?

I can't kill the police officer!

.....!
That's... it!
If I put a restrictive spell on the leader, then the spell on my father will unravel!!

Hey, little kid, listen up!
You'll really get in trouble if you don't...

At this point, there is nothing left but to kill the cops...
I can't make him do something like that!

DAMN IT!!!
DOESN'T HE KNOW THE TIME? WHY ISN'T HE BACK YET?!
I'm sure he'll be back by morning...

Morning? I'm sure he'll be dead by then...
No, he's already dead.
.....

Please come back, Hya...
I kinda understand why Hyacen would run away...

Could it be that he didn't meet Ran?
Or maybe something happened when he did?
It's his father... He'll be okay.

The person who came back from the dead!!

If I can just find them...
I might be able to revive Senika.

It's taken me 9 years.
Just to find that person.

I'm leaving Hyacen with you, Kashin.

I'm kind of torn here.

I know that he really wants to revive his wife, and it's none of my business, but.

Ah...

He was forced to come back today to bring Hyacen home, but he didn't really want to be here.

I was just about to make up my mind anyway.

I don't care what the hell you do out there. Don't you dare show yourself to me or Hyacen ever again.
I will raise Hyacen so well that he'll never even think about you or look for you again. So, don't even think about seeing him again.
Yes, good. Let's do that.

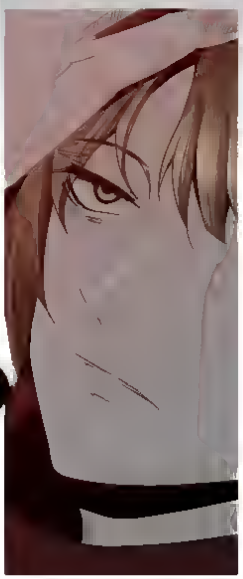
I am Hyacen's father - not you.
If you understand that get out of my sight.

You traitor.

I don't think I went too far.

Even if he didn't mean it, I can't leave a child to a bastard who would say such a thing.

Still... What will Hya think when he learns of this?



Will he be shocked to find out Ran abandoned him?

Or will he be angry with me?

--ssi...

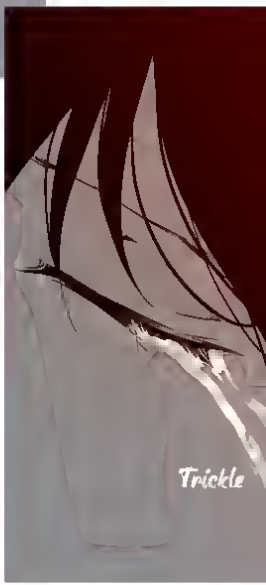
Hmm?

Lambkin, are you okay? Can you recognize me?
Ajussi... I can't get up...

What about dad?

I saw him today...

But all those cops tried to take him away...
It's okay lambkin. He said he'll be back soon...
Really?



I was afraid that he wouldn't want to see me ever again...

I thought he was angry...

Ugh... What am I, an idiot?

I don't know anything about dad... but I just went and bothered him...

Even if I'm like this, don't you leave and go somewhere, Ayase.

Honestly... You cried all night long...

Hmph! I'm really going now! I'm only allowed here on February 29th, after all!
I won't cry 4 years from now. I'll be a man.

Really? Well then, I'll make sure to come back with Cherta!
Take care of my diary until then!

Anyways, time for you to go. And this time, make sure you get to the right place okay?

And I'm confiscating the diary, you brazen kids.

Since someone like Ajussi is with Hyacen, I'll trust you and go.

Well then Hyacen! I'll see you later!

I can only come back to life once every 4 years...

But I will always be with you.

I thought that Melly was the "person who came back from the dead" that Ran talked about.

What are you thinking?

You're staring off into space.
Huh? Oh, it's nothing.

Now then shall we get some rest? I'm tired.

Here, diary.
I won't go looking for dad again.

That way, what happened earlier won't happen again.
Honestly, it still doesn't feel real.

I was so happy to see dad again,

Made me decide.
I better just...

Eh. I'll stop now.
I cried so much earlier, and I'll start again just thinking about it.
It's better than keeping it all inside, silly.

It's okay now.
To tell the truth, I'm slightly more comfortable around Ajussi.
Gee, is that supposed to be a com...

Hehe...
It means I like you, Ajussi.

All right.

-Episode 1-

Epilogue

As I already reported to the commander of squad B.

When I arrived...all of squad A had already been slaughtered.
I survived because the police came just before he could kill me.

Then you are the only surviving witness of this incident, Miss Jay.
Yes...
You're certain that there are no other witnesses or survivors?
Yes...

I understand. Thank you for your cooperation in this investigation. However, you have not been cleared of all suspicion, so the police may return at any time for further questions.

Yeoha-dan Police Executive (N. 11.P) Sena

Well then...
It'll be okay... right?

AAAAAAAARGHHHH!!!
She was giving false testimony with such a straight face!!!
If it weren't for her alibi, I would just...!!!
Thump...!!

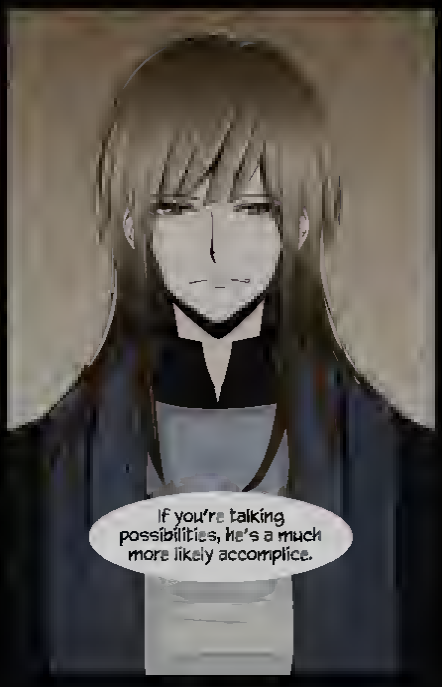
At the very least, the culprit who conjured Cratos remains at large.
If it had been Ran Belrenephia, he would have dispelled Cratos before killing the commander.
Why would he stupidly throw a knife at him if he could just remove the spell?

We can't ignore the possibility of an accomplice.
One even stronger than team A's commander

Possibly, it could be Generalissimo Nori Petini Wiquebelry, because of their long history of aquaintance, but...
Ran is officially the generalissimo's archenemy. Given his position, such a publicity stunt wouldn't be logical for Nori

He may have an even stronger ally than the generalissimo.

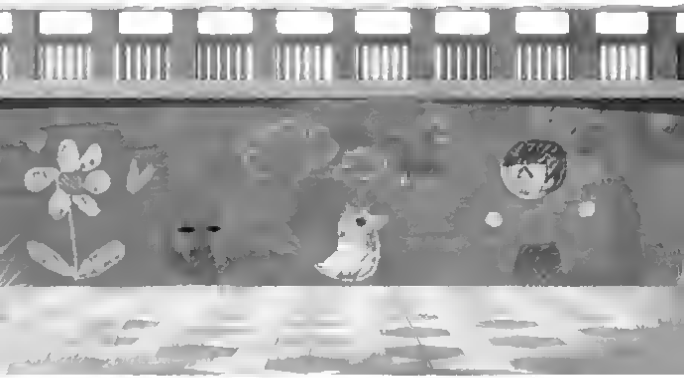
The Air-User who went missing after his retirement 3 years ago, Kashin Em Demislid.



But whichever way's fine.

Ran coming out into the open is really hilarious to me. It's great. Doesn't it make him look stupid?
Should we report this to the leader for now?
Why? That guy probably didn't even come to work today.

It seems that it's his birthday today.



Really?

His birthday is on Melly Day... What an odd coincidence.

But I've never noticed the weight he carried on his shoulders.

Is that because it reminds you of the past?

Could be...
I've oversimplified things until now. Well, there's a whole bunch of reasons.

I can't become his real father, but I'm still going to try my best.
You'd make a good husband!

Anyway, did you find out about that thing I asked?
Oh! I totally forgot!

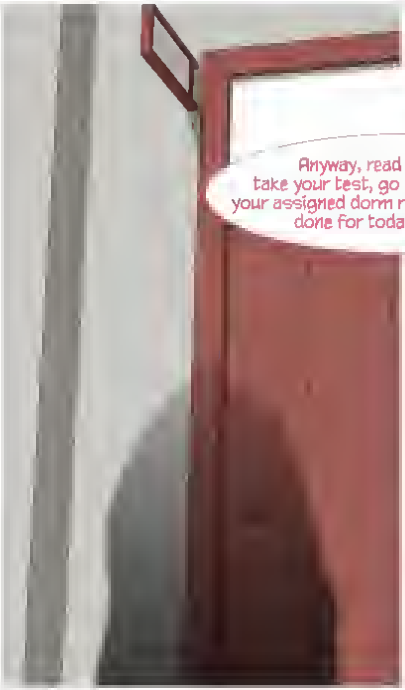
There is another transfer student?
Yes.
There's just one more transfer student, and since it'll be easier if you're in the same class, you're both assigned to class 2.
Oh... I'm curious now.



Anyway, read this booklet, take your test, go to orientation, get your assigned dorm room, and then you're done for today! Easy, huh?
Got it!

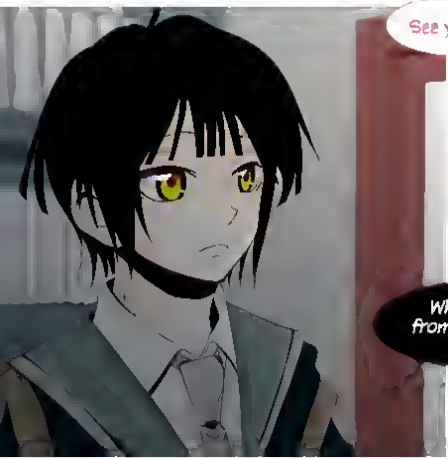
Ari, the Life and Mana professor already explained everything, right?
Yes, Miss Suspicious Policewoman.
Transfer Student, Wizardry National Academy

Well then, I'll go take a look at your dorm rooms, so you two can go on ahead
And get along! You're both transfers



See you later.

Okay
Where is she from? She looks funny.

Did you study for the test?
Nope.

What are you going to do? Wing it?
Really? Then I need to work on something...
Why? Do you have to score well?
Ajussi became a teacher here... So it'd be nice if I did well on the test.

Then should I help you with it?
Help me?

How?!
All right! Good morning class 2!

The new teacher stepped out for a while to take care of some paperwork/ So I will be supervising this class's testing.
Nice to meet you/
Hello/
Good morning.
Charmed to make your acquaintance.
The test contains basic questions just like last semester's, so don't be too nervous about it/
You're pretty/
No magic and no cheating/ You know that, right?
Yes.
Yes.

Oh! Those two over there are transfer students, so be nice and get along with them!

Hi!
Hi!!
Why is she staring at me?

My name is Cheolsu!

Yup! I'm Hyacen!
Wow! Such a happy day! It's an honor to meet you!
Hehe!
Stop bothering the transfer kid, you otaku.

Yes, let's quit talking and start the test!
Come on, wake up!
That killed the mood...

You can just talk after the test!

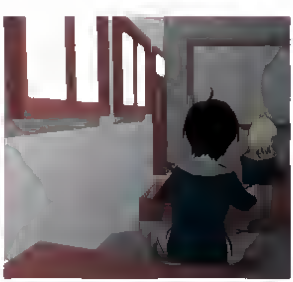
Okay

Yeah!

Do you want me to help you with it?

How?!

Just...



...Leave it to me.

I see it!
What the heck?
Cheating on their first day of school?

Professor.

I might be mistaken...
?

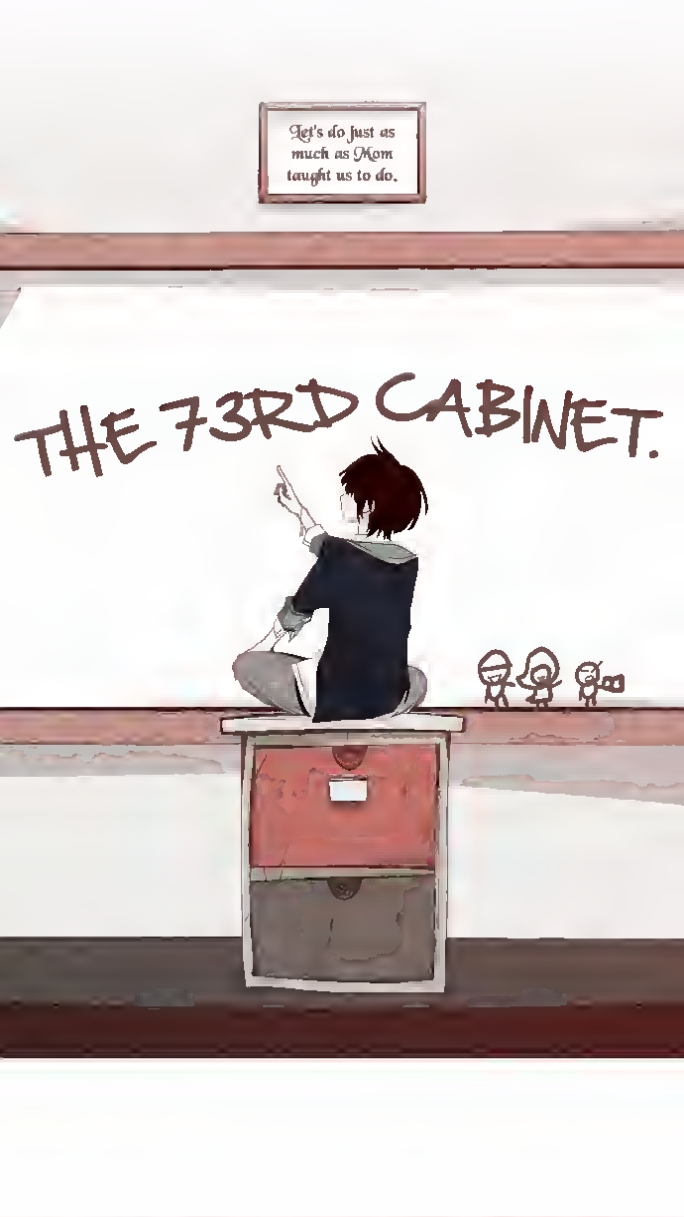
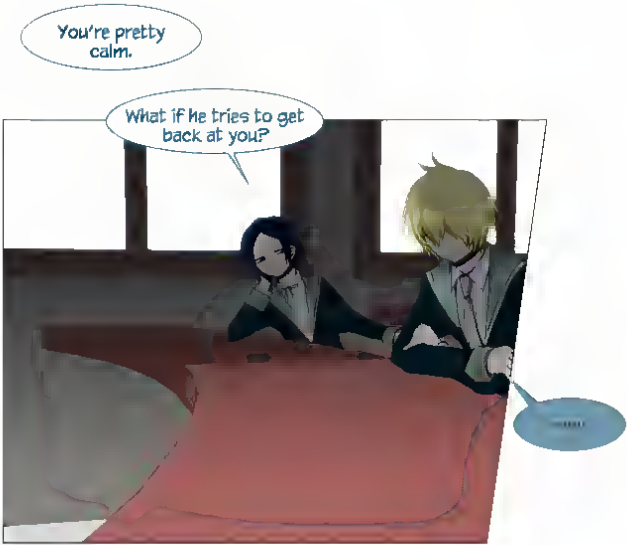
Gyaaah!



Let's do just as much as Mom taught us to do.
THE 73RD CABINET.

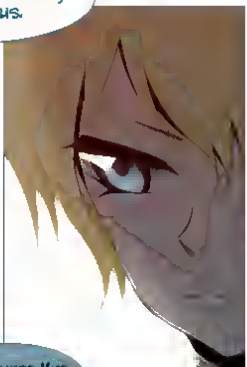
You said he was a genius or whatever. Who spread those rumors?
T-There was a misunderstanding!
I'd say that the real genius is Bize for noticing something like that!

We've never once thought of a way to cheat without using magic.
Really?
So they were confident that they wouldn't be caught?!



You're pretty calm.
What if he tries to get back at you?
.....

You're worried. It's way too obvious.

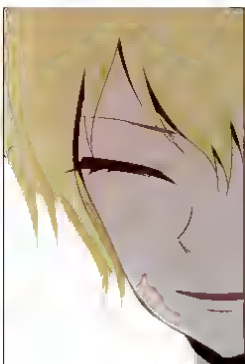


Hmm!

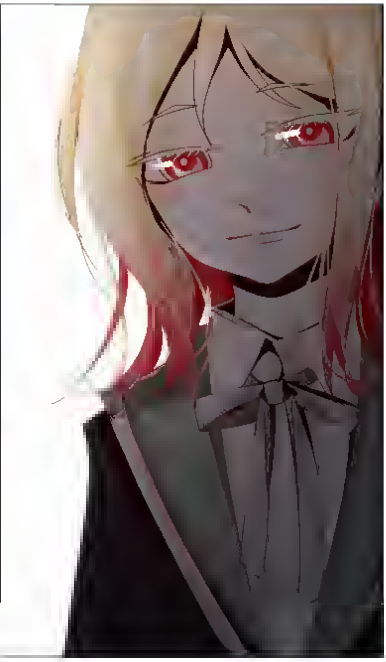
Of course I'm worried.

But I still think that it'd be nice if he turns out to be a worthy opponent.

Smile



As long as he doesn't try anything funny, that is.

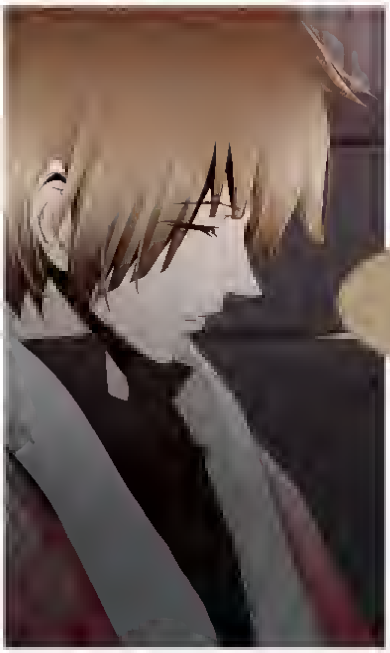


You will both receive zeroes on this test

Any objections?

No...

You just insulted the students who studied hard all night to take this test.
I'm sorry. It won't happen again.
Dejected...
This person looks fun as well.
What should I do? I ruined your reputation...
It's normal if a parent gets a little flack if there are problems with his kid in school.

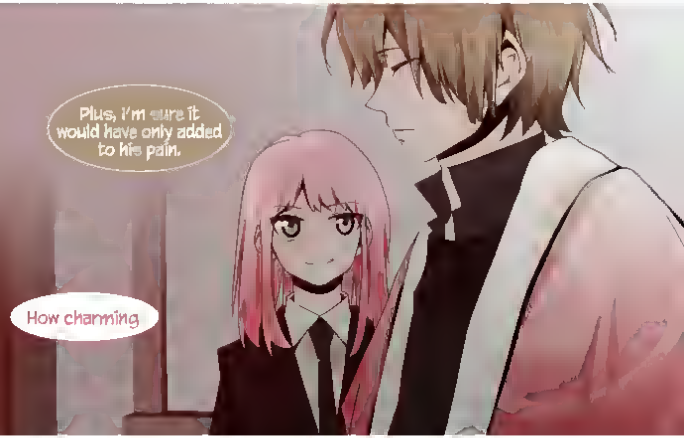


Go to class now I'll be there for the orientation later.

I'm sorry.

I thought you'd yell at them more, but you're rather calm.

He really didn't know he was doing something bad, so I couldn't yell at him for it



Is that so?

Step
Step

As I thought. Nori and I are under surveillance.

It's annoying, but it's okay as long as their target doesn't change.

I need to prevent any misunderstandings.

I really didn't understand the idea of cheating. I'm sorry!

Could it be...

...Post traumatic stress disorder?

On February 29th, the incident occurred a little past midnight: "The Melly Day Case."
Team A from the police force was completely wiped out while attempting to capture traitor Ran Belrenephia.
Our leader has stressed the importance of finding Ran's accomplice and ordered a thorough investigation.
But it seems that he left behind more clues than we had previously thought.

But something bothers me even more.

That child resembles Ran way too much to be merely Kashin's foster son.

Their lives must be pretty boring.

Step
Hello, my dear Kaskin.

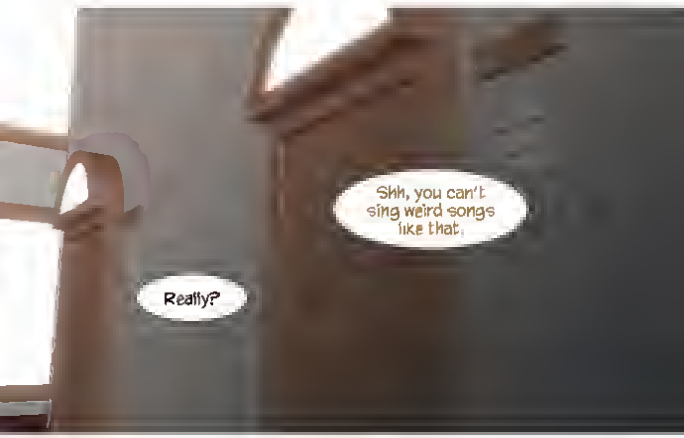
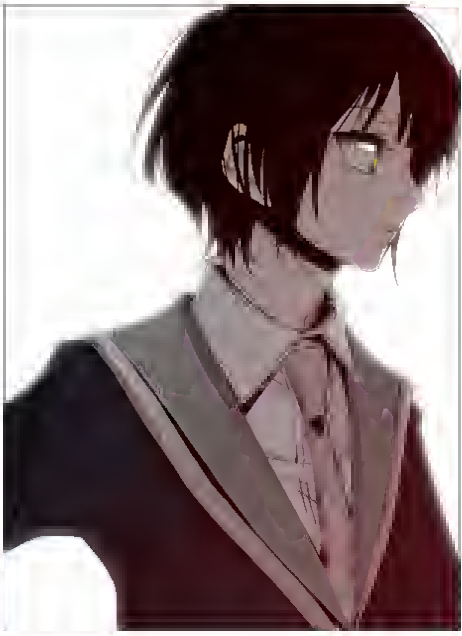
♫ Dorm 4, room 203, and a bumblebee. ♫



Come unpack/ The middle desk is yours.
The middle desk?
Hey/ What's with this color? Why do I have a weird metal thing? Why don't I have book-ends?
Are you griping?
The middle desk simply doesn't come with bookends/

And it won't open! Hey, let's switch. I want bookends, not this thing.
Yeah, it does that.
If you want to get rid of it, you gotta either destroy it or get rid of the desk itself.

It looks like there's some special magic on it.



Magic?

Magic?
Yeah. There's a rumor that the original owner sealed it.
?
If you really don't want it, do you want to switch places?

No.

Okay!
Yes.

.....

The 73rd cabinet?
Yeah.
Our school has 8 classes with 9 students each, so it's a total of 72 students.
The cabinets correspond to that, so each class has 9 cabinets,
if you count the one in this room, there are 73.
So we call it the 73rd cabinet.
Has anyone ever tried to open it?
Of course. They all gave up though

It's one of the few mysteries in our school.

They say it's 200 years old, but no one knows what's inside.

200 years...

In 200 years, not one person has managed to open it?

If that's tru...
It makes me want to try even more.
Screech

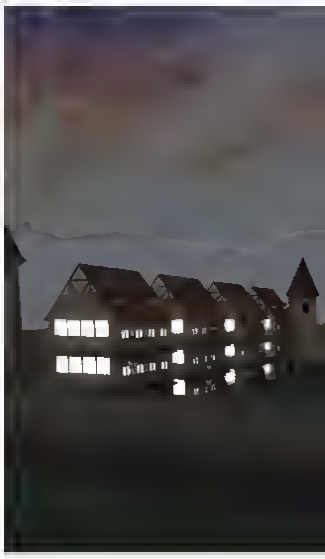
What is it this time?
He wants to open the 73rd cabinet!
How?
Do you have anything sharper?
Isn't that enough? Are you trying to destroy this room?
That's right.

I could just destroy it.
HEY!!

터엉—!!!
!!!!!!

Sorry, I couldn't even open it with your method.
That can't be Bize's strategy.
DON'T TRY TO DRAG ME INTO THIS!
JUST GIVE UP, ALREADY!
No way.
It's mine. Don't interfere.

I will definitely open it.



Did you see Hyacen?

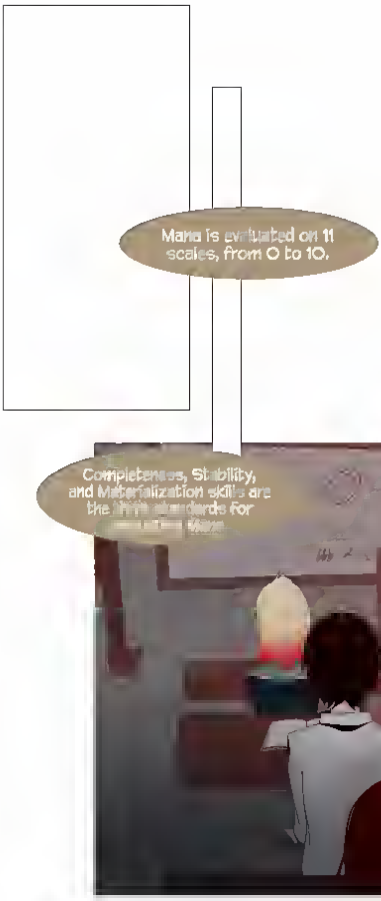
Didn't he go ahead?

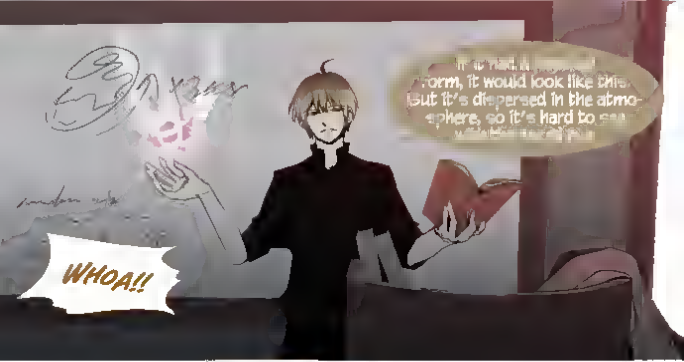
Really?

Oh! He really did come here first!
It looks like you are doing something interesting
Not here... Can't find it...
If you want to open it that badly, ask Professor Kashin.
He's your dad, after all
Kashin ajussi hates annoyances the most

And I don't want to pester him.
I'll try it by myself a little more.

If even that doesn't work ..





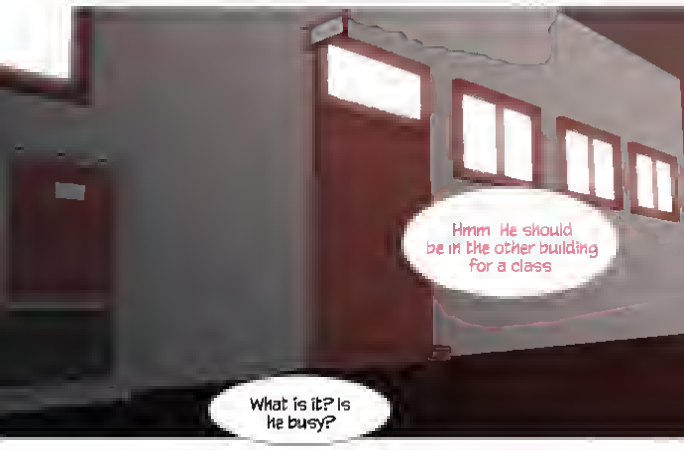
WHOA!!
IT'S MANA!
CAN I TOUCH IT?!
Quiet down
Dang. I can't concentrate on anything

What should I do?

There is one last resort.

Should I mention it to Kashin ajussi?

Professor Kashin?

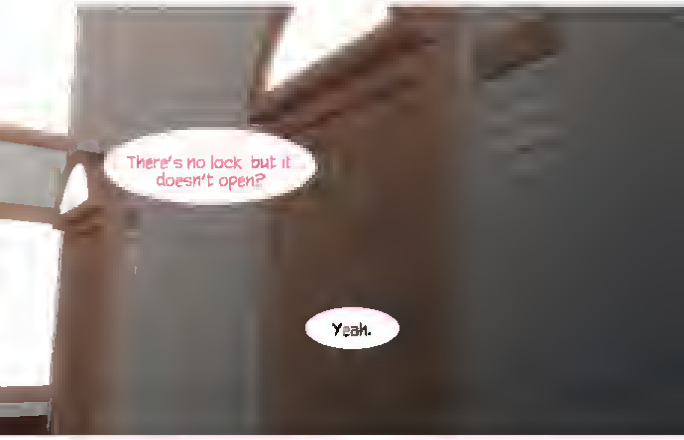


Well yes, he's lecturing, after all. But why are you looking for him?

Is that so?

It's not too difficult, maybe I could help.

Well...



Well, I think you better not open this, though.
Why not?

It really seems to be a memory box.
It's used to contain someone's memories or thoughts.
!
Memory box?

They're a bit old fashioned, so they aren't as widely used.

But back in the days, if you wanted to keep some memories or wanted to send something to someone, you would use a memory box.

You would just transform your memories into Mana and put them onto a specific object.

It was really common

AJUSSI!!!
I hurried over since I heard you were looking for me.
But you're done already?
Ajussi! Do you know what a memory box is?
A memory box? You mean that outdated piece of junk?
Well then, I'll be on my way
Professor, thank you for your hard work

C'mere!
She said that the 73rd cabinet in my room is a memory box!

Can you open this, ajussi?!
Huh?

——!
Open this for me!!

Don't open it.

AJUSS!!

I hurried over since I heard you were looking for me.
But you're done already?
Ajussi! Do you know what a memory box is?
A memory box? You mean that outdated piece of junk?
Professor, thank you for your hard work.

C'mere!
She said that the 73rd cabinet in my room is a memory box!

Huh?

——!
Open this for me!!
DON'T open it.
—.

Why?

You talk like you know what's inside it.
Huh?
I'm concerned.

Then why were you so curt?
You might get involved in something strange, so of course I should stop you.
Wouldn't you agree?

Just do as I say, Ambkin.
.....

He...
...knows something.

The fact he didn't get rid of the cabinet himself is proof enough.
Why do you say that?

Normally, he would have gotten rid of the cabinet for my safety.
You can't.
No! I want to open it! You mean old man!!
Tsk...
Wouldn't getting rid of the cabinet or destroying it be the surest way to prevent me from opening it?
Haha! I'll take this!
WAAAH!!

Obviously, if it's right in front of me, I'll keep trying to open it. But he didn't even try to get rid of it. That means he knows it can't be moved.
Whoa. Nice work.
And just like that, some of the mysteries of the cabinet are solved!

I want to hurry and find out what's inside.

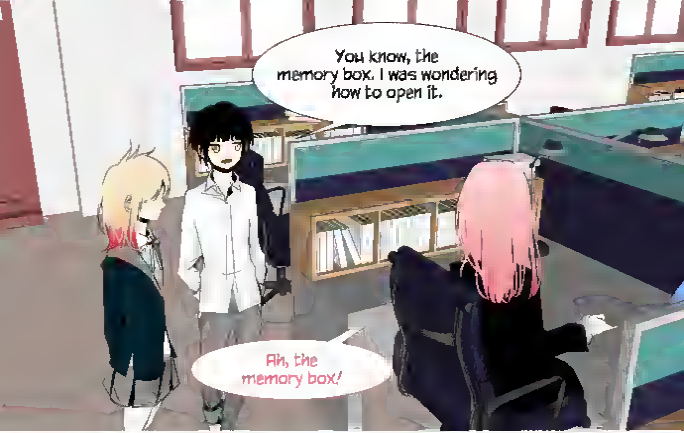
Nuna, you know that thing we were talking about earlier?
Yes?



You know, the memory box. I was wondering how to open it.
Ah, the memory box!

I have a master trigger, so I could open it.
But it would be impossible for you kids to get inside.

Only the owner of the box would know whether it's password protected, or has a key, or a more complex mechanism.
That's why they were so popular.
An absolutely private space.

The difficulty of the trigger determines how secure the box is, and the trigger is decided by the owner.

That's why opening the box is hard for anyone other than the owner

Plus, it's bad manners to casually open a memory box containing someone else's thoughts and memories.
Ah...

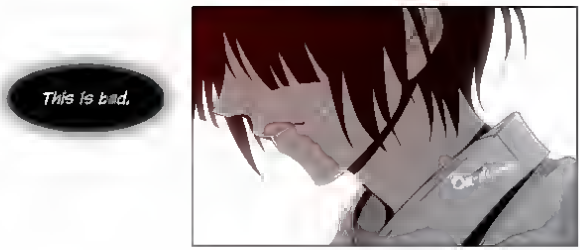
Ten, don't you have class?

I start next month.
Silver haired cop...

——!
Why do you always seem to play around?

Um, well, I'll be going now.
Please don't mind me.
?
You're leaving?

What the heck?



This is bad.

How can that cop also be a teacher?!?!
Kyaaa!

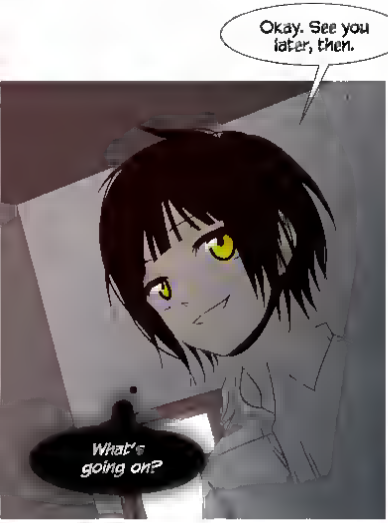
Even when we first met, I had a feeling that I shouldn't be close to him...
Is this because I've been arrested before?
What about dad? Will he be okay...?

Cutting class?
?!
Nori ajussi!
Startled★

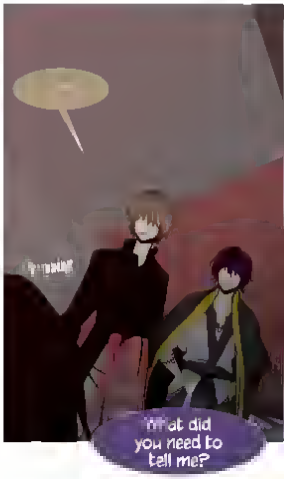
There they are!

I found them, so extra credit!

Oh...



Okay. See you later, then.
What's going on?



What did you need to tell me?

I have a question about the dorms
If it's about the school, Sena knows more than I do.
outsiders easily involved in
The cabinet in dorm H, room 203...

Is it the memory box we made 200 years ago?
